

Social Media

The trustees of The Hamlet ask people to act responsibly when using social media.

This means taking care when using social media sites such as Facebook, Twitter and Instagram to ensure that nothing they do or discuss brings The Hamlet into disrepute or offends anyone, as the impact could have devastating consequences. Please talk to a manager if you feel you have seen something that could have consequences for The Hamlet or an individual.

The Hamlet has a number of policies in place to protect the children and adults we work to support. We seek permission before we use anything related to our children and adults on social media.
