A. Policy statement

Our belief is that everyone at The Hamlet should be happy and safe, is unique and valued, can explore choice and opportunities, is encouraged to unlock their potential, can communicate in their own way and is part of the wider community.

This policy outlines the process for the business and all staff to understand the principles set out in UK GDPR in relation to data retention and data security. The Hamlet is committed to providing consistent and effective records management and has set out within this policy the minimum retention periods for different types of records relating to data we hold to deliver a safe and effective service.

B. Purpose of this policy and why we have it

As an organisation we need to hold a lot of personal data in order to deliver our services to children and adults. The purpose of this policy is:

- To ensure that all staff at The Hamlet understand the principles set out in UK GDPR in relation to data retention and data security.
- By reviewing this policy, The Hamlet will be able to consider appropriate retention periods for the personal data it processes and ensure that it stores personal data for an appropriate period of time.
- This policy will enable staff at The Hamlet to review the policies and procedures they have in place to ensure that the personal data they process is kept secure and properly protected from unlawful or unauthorised processing and accidental loss, destruction, or damage.

This policy will help us to comply with UK GDPR and the Data Protection Act 2018.

C. Scope of this policy

Name of policy:	Data Retention Policy
Date approved:	June 2023

Services covered by this policy:	General Pre-school Children's Service	The Hamlet at Home Adult Services

- The Hamlet Users
- Parents/carers/home support staff of Hamlet Users
- The Hamlet staff
- The Hamlet Volunteers
- Educational or work placements e.g., Occupational Therapy or Nursing
- Visitors

D. Policy

It is important that we safeguard the privacy of the data stored and yet keep it accessible for those who really need to use it.

Although we state the retention periods for the data we keep, there may be legitimate reasons for this data to be stored for longer. This may include, for example, retaining personnel records in case a claim arises relating to personal injury caused by The Hamlet that does not become apparent until a future date, or requirements imposed by HMRC in respect of financial documents.

In the interest of practicality, The Hamlet has determined a sensible period of time for which to keep the HR records in their entirety. Please see [Retention Period Table](#).

Retention Period Table		
Data Type	Retention Period	Notes
Accident Books (where accident related to non-Hamlet User aged 18 years or over)	3 years (from last entry)	Source: CIPD - Retention of HR Records Factsheets CIPD
Accident Books (where the accident relates to a non-	Until 21 st birthday of child/young person	Source: CIPD - Retention of HR Records Factsheets CIPD

Destruction of data

The Hamlet will safely destroy all records that have passed their minimum retention period and are no longer needed. The methods of safe destruction will depend on the type of record.

- On-site paper records are confidentially shredded. The Hamlet uses AVENA Group for this. More information can be found on [Confidential Paper Shredding – Destroy Valuable Documents \(avenagroup.co.uk\)](https://www.avenagroup.co.uk). Proof of destruction certificates are kept for 5 years.
- The Hamlet uses CRM systems, and information stored externally to these is kept on The Cloud. Approved I.T. services are contracted to oversee the security and maintenance of this storage. Deletion schedules are monitored regularly, and deletion is carried out only by those with permission to access them.
- The Hamlet uses an archiving service provided by Archive-Vault limited, who are locally based and will securely destroy archived data that is past it’s retention period. More information about their services can be found at [Archive-Vault Ltd, Norwich - Norfolk](https://www.archive-vault.com)

E. Procedures and monitoring

In order to comply with the requirements of UK GDPR The Hamlet must consider data retention with regards to all new projects and plan accordingly.

The Hamlet reviews this policy and the retention times on a regular basis to ensure continuous compliance with legislation, and if necessary will amend policies and procedures surrounding such legislation to remain compliant.

Staff, volunteers, and placements have access to these policies and procedures through the staff portal on The Hamlet website.

Staff training

All staff receive training in GDPR as part of their induction programme and further training in line with their training needs as identified by their supervision, appraisals and policy developments and changes. The training is updated on a regular scheduled basis at least annually.

All training, including induction training, is in line with the guidance and standards produced by the relevant social and healthcare workforce development organisations.

Further information about staff training can be found in the [Training and Professional Development Policy](#)

F. Regulations (Health and Social Care Act) and other legal references

- UK GDPR
- Data Protection Act 2018
